Math Lesson with Video https://youtu.be/LTGg9LAdbpc Recalling prior knowledge, Survey textbook pages 1-38, Word Form, Standard Form, Expanded Form, Concrete representation, Count by ones, tens, hundreds, thousands, Value of each digit I created this video back in June, when I thought most of us would be together in the classroom. Oh well! It's still worthwhile. **When you are finished with the video, complete the hard copy math checkpoint that says "p. 20 Warm Up"** Both the top (addition) and bottom (subtraction) If you've lost this, then write out 326 +572, 729+633, 131+224 and 569-447, 614-429, 379-164 When you are done, put this page in your "Turn in Folder"
Spelling Pretest https://youtu.be/4_Ifw2m28DE Spelling assignment **Complete this pretest**. When you correct, put your pencil on each letter as I say it. If what I say is different from what you wrote, circle that part of the word and correct. Keep this corrected pretest in your "Save This Folder" to study all week. Then, **complete spelling workbook page 6. Read aloud page 5.** Ask for help to pronounce all words correctly.
