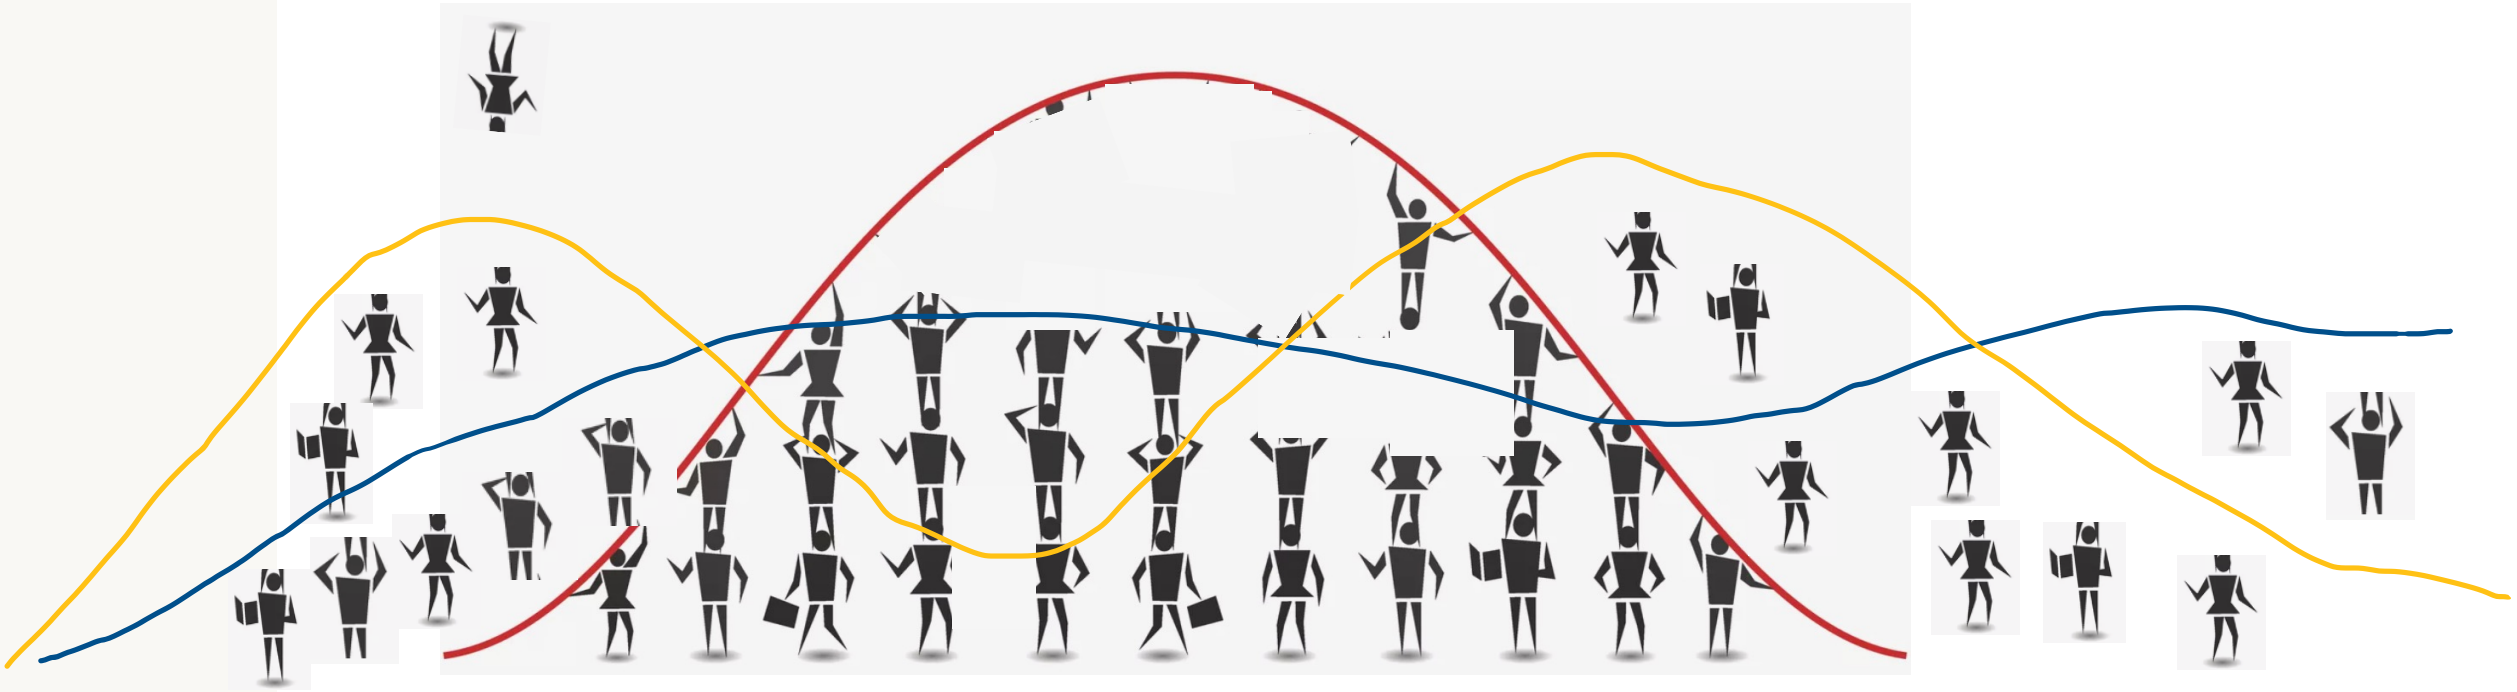
Background

- Over the last couple of years, due to many different factors such as COVID, overstimulation from technology, etc. the typical student bell curve has been distorted.



- Many overlapping bell curves have emerged, making the academic needs of our students extremely diverse.

The Need

We need to support our teachers for all students to be successful

- Care for and retain our quality educators
- Bring outside expert consultants to review our diverse and equitable instruction
- Develop additional curricular materials
- Provide summer learning stipends

Academic Excellence Initiative

Our **2023-2024 Academic Excellence Initiative** will consist of a:

School-wide Inclusion & Development Review
