

School Supply List 2023-2024

Grades K-8

OLG has revised the school supply policy in order to free up our families from a cumbersome shopping process and to achieve simplicity and quality. Enrollment **registration fees** will now cover many of the supplies needed for your child's classroom. **Your annual registration fee will stay the same this year.** Through the power of bulk buying, the fees include most student supplies for the classroom. We are still asking families to provide the few items listed below on the first day of school.

You've saved a lot here... pass it on (and get a tax break):

Our OLG registration fees have stayed constant over the years in order to keep OLG accessible, but they **only cover part of rising costs for books and supplies.** Think about the money (*and all the time!*) you will be saving by having the school take care of all those additional school items that used to make your supplies shopping list feel neverending... **YOUR tax deductible donation** can make a difference! Donate to the [School Fund Drive](#). Even a small gift can help keep our school accessible for our community in the face of rising operating expenses!

THANK YOU for your generosity!
